

ATN 108 Project ACCEPT: Engaging Newly Diagnosed HIV+ Youth in Care

Information for Data Requesters – Data Sharing and Possible Collaboration

All datasets from *ATN 108 Project ACCEPT: Engaging Newly Diagnosed HIV+ Youth in Care* are available for public use per the policies and procedures set up by NICHD DASH. It is strongly suggested that anyone interested in accessing ATN 108 datasets contact the Protocol Chair or someone on the research team (listed below) to discuss specifics of their interests and to possibly collaborate on the development of the concept and study before they submit their data request to DASH.

Protocol Co-Chair: Dr. Sybil G. Hosek, John H. Stroger, Jr. Hospital of Cook County
(sybilhosek@earthlink.net)

Protocol Co-Chair: Dr. Gary W. Harper, DePaul University (gharper@depaul.edu)

ATN Network Principal Investigator: Dr. Craig Wilson, University of Alabama School of Public Health
(cwilson@uab.edu)
